CHILL TUBS®

CHILL TUBS / CHILL TUBS®

LITE

Chill Tubs Lite: Chill Tubs® cold plunge.

Chill Tubs Lite is a lighter, rotomolded cold plunge designed for indoor or outdoor placement. Its integrated cooling reaches a manufacturer-listed 37°F without ice, and built-in ozone purification and filtration support routine water care. Chill Tubs lists a 106-gallon capacity, 118 lb dry weight, a 10 A / 110 V US supply and an included insulated cover. Ask your Texas showroom to confirm the supplied configuration, placement clearances and delivery scope.
