CHILL TUBS®

CHILL TUBS / CHILL TUBS®

PRO

Chill Tubs Pro: Chill Tubs® cold plunge.

Chill Tubs Pro combines an acrylic shell with integrated cooling and heating, manufacturer-listed settings from 37°F to 104°F, circulation jets, ozone purification and an easy-access filter. Touchscreen and Wi-Fi controls support a repeatable routine, while corner LEDs light the cabinet. The US manufacturer lists 185 gallons, a 15 A / 110 V supply and an included insulated cover. Confirm the current electrical configuration, site clearances and delivery scope with your Texas showroom.
